

Emergency First Aid at Work for Window Cleaners

Specifically designed for the window cleaning industry

Introduction

We are able to offer the new HSE approved Emergency First Aid at Work course. This course has been adapted to suit those who work at height with a risk of falls and suspension trauma and is ideal for lower risk businesses to comply with the Health and Safety (First Aid) Regulations. The course is run over one day and includes both theory and practical sessions, in a relaxed atmosphere, designed to boost a candidate's confidence.
